PORTFOLIO

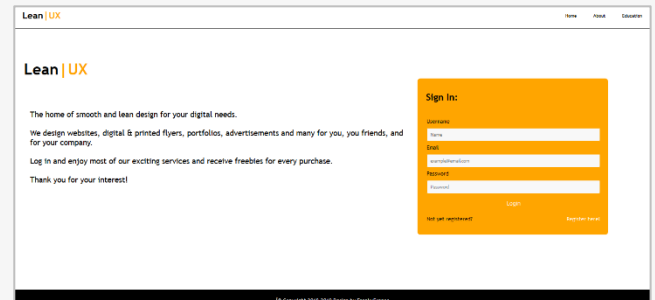

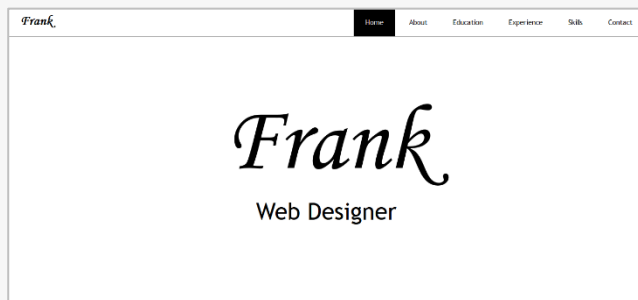

Illustration one

Some of my previous works: Carica is product packaging design for a thesis product, and Canon, a brand website created as a project, MMTED 2017, an event logo design, and the last one, CNS or Child Nutrition System, is our Thesis project which I designed through a photo editing software.

Online Portfolio

Log In Form

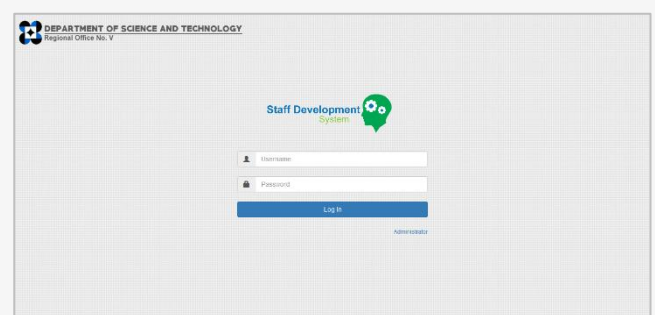

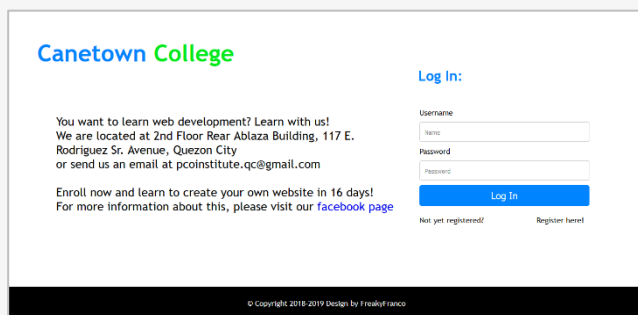

My online portfolio, you can visit it by visiting frankpsarte.github.io.

A design inspiration for a company that creates and renders digital services especially for ui/ux designs.

Canetown

DOST

My project for my training center that I attended recently.

Our project at DOST during our internship last July- October 2017.

COVER LETTER

Hello

I'm Frank Philip P. Sarte and I am writing this letter to show my enthusiasm in applying for the said position in your company. I am a graduate of Bachelor of Science in Information Technology in Bicol University Polangui Campus. I am looking forward to share my knowledge in your company that I acquired in my stay in Bicol University. Accordingly, I am equipped with the knowledge and skills that the position may require such as comprehensive knowledge in website planning, graphic design, basic web development languages such as HTML, CSS, JS, PHP and MYSQL.

I took my internship at Department of Science and Technology Regional Office V under the supervision of Mr. Richard R. Esplana. As a trainee, I gained the crucial skills in working in government agencies and website development. I was assigned to help create website applications for the agency, help with some technical issues, and, also do back office works.

For additional details regarding my application and previous works, I am willing to visit your agency or please review the attached resume.

Thank you for considering my application and I look forward to hearing from you.

Sincerely yours,

Frank Philip P. Sarte

Applicant
